

"Ice-cold Lemonade" Made in the Shade

You've heard the youngsters cry it. Heard them beg to make it in a big pitcher with a great big piece of ice. Since the first circus, lemonade has meant festivity. Served with cake it becomes a "party." There's no more healthful drink when made with pure water and a "big piece" of pure Knickerbocker ice. Add a dash of cherry juice if you want to give the "ecstasy" of Red Lemonade.

In ice-cold drink time it is well to remember that no drink can be purer than the ice you put into it. Knickerbocker ice is absolutely pure—made from filtered water and delivered in clean wagons.

**Knickerbocker

GERMANS HESITATE ON LEAVING SILESIA

Assert Preliminary Withdrawals of Poles Involve Valueless Land.

AGREEMENT IS NEAR

Progressive Retirement of Insurgents to Parallel Lines Is Planned.

MINES ARE UNSCATHED

Threats to Destroy Property as Troops March Out Prove Groundless.

Special Cable to THE NEW YORK HERALD. Copyright, 1921, by THE NEW YORK HERALD. OFFICE, June 19.—Negotiations by the Allies with the Polish insurgents and Germans for clearing Upper Silesia are nearing completion. The Germans still hesitate about leaving the Annaberg hill, declaring that the preliminary withdrawals of the Poles involve only valueless territory. The actual German garrison at Annaberg, however, consists of only half a dozen men, and the hill is now without military significance.

The general scheme as practically approved by all parties involves the progressive withdrawal of the Polish insurgents to five successive parallel lines behind Rosenberg, Gross Strehlitz and back behind Gleiwitz. As this line would still leave the bulk of the industrial triangle in the hands of the insurgents, it is declared by Germans that it is the scheme favored by Gen. Lerond, French representative and head of the Interallied Commission, and Adalbert Korfanty, insurgent leader.

A final measure which would free Upper Silesia entirely of insurgents is now under discussion here. It is understood the British complain of obstructive practices and dilatory tactics. A decision which Gen. Lerond and Korfanty would recognize and approve would be one where the Allies would recognize the Polish Army as an armed police force replacing the existing volunteer bands. The latter would put their guns away and return to work and Korfanty himself might retire from the limelight awaiting an ultimate decision of the Supreme Council.

Should any decision deprive the Poles of the industrial triangle, a prominent insurgent declared to THE NEW YORK HERALD correspondent to-day, another uprising more violent than this would follow.

Despite repeated threats, to date no mines have been damaged, and excepting one near Leipzig, no factories have been destroyed. The Polish insurgents are withdrawing in a relatively orderly fashion, leaving property untouched and only destroying such bridges where counter attacks by German volunteers are feared.

Korfanty also has preferred attempting a levy of 10 per cent. on wages in the form of taxes in Upper Silesia to the requisitioning of German bank deposits as he at first threatened. As a measure against unruly workmen in the insurgent ranks, Korfanty is disarming these men and replacing them with middle aged Poles, who are recruited from the classes of 1892 to 1901. Korfanty, with the approval of the French, demands recognition of this action by the Allies.

The natives of Upper Silesia with the Polish insurgents are restless after their long military service and are complaining of the presence of Warsaw and Posen Poles in their ranks, who seek only quarters and food. The native Germans where the German volunteers are quartered complain of petty plundering by their own countrymen.

The British officers are impatient over the delay in reaching a settlement. Eighteen British officers have resigned since the beginning of the insurrection, and now Col. Cockrill, from Beuthen, and the British Major from Tarnowitz have left the region.

RHINELAND MILITARY BUNDS ARE DISSOLVED

Order Is Issued to Avert Danger to Allied Troops.

COLOGNE, June 19.—The Interallied High Commission has ordered the dissolution of the branches in the Rhineland of three German societies—the "Deutscher Offizier Bund," the "Reichsarbeitnachsweiss für Offiziere" and the "Okulhaus."

These organizations are of a military character and the abolishment of the Rhineland branches is considered advisable to prevent the possibility of endangering the safety of the allied troops. It is explained.

SIXTEEN ARE WOUNDED IN IRISH AMBUSH

Attack Carried Out by Bombs Thrown and Rifle Fire.

DUBLIN, June 19.—A count of the casualties resulting from the ambush of Crown forces at the junction of Ryders row and Capel street last night shows that the affair was more serious than at first reported, 1 officer, 5 soldiers and 10 civilians being wounded in the fighting.

The attack was carried out by means of bombs thrown and rifle fire opened from nearby windows and roofs, the objective being a military lorry carrying a detachment of Wiltshire troops entering Capel street. Troops and police, when the fight had ended, surrounded the district and searched houses and pedestrians.

An ex-soldier was shot dead in Drumcondra, a suburb of Dublin, and two other ex-soldiers were shot dead near Brix, Kings county.

U. S. SHORT 25,000 DOCTORS.

WASHINGTON, June 19.—The United States is short 25,000 physicians, Dr. Roy Upham, Brooklyn, declared to-day at the opening session of the annual convention here of the American Institute of Homeopathy. Long and arduous study required of medical students and inability to build up a profitable practice tends to discourage prospective doctors, he said.

In an effort to assist medical students through college wives of members of the institute have formed the Woman's National Homeopathic League, Dr. Upham said, adding that it was hoped activities of the league would help to relieve the shortage of physicians.

BANDITS HOLD PARIS CROWD AT BAY, ROB STORE OF GEMS

Daring Crime Committed on Grand Boulevards in Daylight—Thieves Get 500,000 Francs Worth of Diamonds and Pearls and Escape.

Special Cable to THE NEW YORK HERALD. Copyright, 1921, by THE NEW YORK HERALD. New York Herald Bureau, Paris, June 19.

The most daring robbery that has been committed in the recent Paris crime wave was carried out in broad daylight this morning on the Grand Boulevards by four armed men, who jumped out of a limousine they had stolen during the night, and while two of the bandits kept pedestrians at bay their companions smashed the show window of a jewelry store with a hammer and brushed half a million francs worth of diamonds and pearls into a sack. Reentering the limousine the bandits escaped. As they left they sent a few farewell shots in the direction of witnesses, who took refuge in adjoining doorways.

After driving for half a mile through the most crowded district in Paris the robbers abandoned the limousine and disappeared in another automobile which apparently had been waiting at a designated point for their arrival.

The robbery occurred just after 8

o'clock, when hundreds of people were returning along the Boulevard Saint Martin from early mass. The proprietor of the store had just raised the iron shutters which he had closed behind the counter when he heard shots, but he paid no attention to these, thinking they meant only another marital tragedy for which the district is noted. When the window crashed in he seized his revolver, but the limousine was on its way before he had reached the door.

The only clues the police have are two straw hats, one bearing a Barcelona trade mark, and two revolvers abandoned by the robbers. Finger prints left on the windshield of the limousine have been photographed for comparison with those left seven months ago by Charlot, king of automobile bandits, who directed a similar jewelry theft in the crowded Rue Tronchet.

Although Charlot's pals have been captured, the leader has evaded the police and is believed to have reached the United States with jewels valued at \$30,000.

COURT TO ACT SWIFTLY ON SOLDIER BONUS LAW

Constitutionality of Measure Will Be Determined.

Special Despatch to THE NEW YORK HERALD. New York Herald Bureau, Albany, June 19.

The Appellate Division, Third Department, will convene in extraordinary term to-day in order that speedy action may be taken to determine the constitutionality of the State soldier bonus act.

The State will be represented by Attorney-General Charles D. Newton, while it is understood Louis Marshall will head counsel for the Westchester Continental Bank, against which suit was brought by the State Comptroller to compel it to accept \$25,000 worth of bonus bonds, for which the bank was the successful bidder. The bank declined to purchase the bonds for fear the bonus act might be held invalid.

The wheels of justice will be thrown into high gear in order that a speedy and definite determination may be had.

RIOT AT GOMEZ FUNERAL

HAVANA, June 19.—The ceremonies attending the burial of Gen. Gomez here to-day were marred as the procession entered Colon Cemetery. A crowd attempted to force entry into a nearby cafe, and the police, answering the owner's appeal for protection, were greeted with a shower of bricks and bottles.

Some one in the crowd fired a pistol, and in reply there was a scattering volley which resulted in the death of one unidentified spectator and slight injuries to a half dozen other persons.

FLOODS IN JAPAN COST HEAVY LOSS OF LIFE

They Are Reported to Be Worst in Thirty Years.

TOKIO, June 19.—Japan's rainy season has been unusually persistent, and the resulting floods in various sections are the worst in thirty years. One hundred persons have been drowned at Fukuoka.

In the northern part of the island of Kiuhsiu, while at Oita, on the same island, thirty persons lost their lives.

Several thousand houses have been inundated or destroyed in Fukuoka, Saga, Oita and Nagasaki prefectures. Bridges have been carried off and villages flooded in the cities of Kikura, Kurume and Wakamatsu.

STYRIAN GOVERNOR RESIGNS.

He Opposed Decision to Drop Vote on Fusion With Germany.

VIENNA, June 19.—Governor Rintelen of the Province of Styria and Vice-Governor Aber have resigned, it was announced to-day, in fulfillment of their threat to do so because a majority of the Styrian delegation authorized to confer with the Central Government regarding the proposed "sentimental plebiscite" in Styria on fusion with Germany had agreed that the plebiscite plan should be abandoned.

It is reported that upon ratification of this action by the Provincial Diet the machinery already set in motion for the plebiscite will be taken over for an unofficial referendum similar to that held in Salzburg.

ANTI-RED VICTORY IN SIBERIA REPORTED

Gen. von Ungern-Sternberg's Forces Said to Have Captured Petrovsky.

DEFEATED, SAYS CHITA

Despatch From Moscow Announces Rout of Troops Under Anti-Bolshevik Leader.

HARBIN, Manchuria, June 19.—Further successes by the troops of Gen. Baron von Ungern-Sternberg, anti-Bolshevik leader in Siberia, are reported here. His forces are said to have captured Petrovsky, on the Trans-Siberian railroad, midway between Irkutsk and Chita, and to be threatening Chita, capital of the Government of the Far Eastern Republic of Siberia.

The advances declare Gen. von Ungern-Sternberg has issued a proclamation looking to the restoration of Grand Duke Michael Alexandrovitch, younger brother of former Emperor Nicholas, whose whereabouts have been a mystery for some time.

The same advances declare troops sent from Chita to meet the Ungern-Sternberg forces met and refused to fight the advancing anti-Bolshevik army.

The insurgent movement in Central Siberia seems to be spreading southward, as insurgent successes at Semipalatinsk and Barnaul, southeast of Tomsk, are reported.

By the Associated Press.

RIZA, June 19.—A despatch from Moscow to-day carries an announcement from Chita, seat of government of the Far Eastern Republic of Siberia, of the defeat and rout on June 13 of troops personally led by General Baron von Ungern-Sternberg, the anti-Bolshevik leader, in the vicinity of Troizkozavsk, southwest of Petrovsky.

The Far Eastern Republic troops, it is declared, captured five guns and other booty and were continuing the pursuit.

RAIL SIGNAL BOXES NEAR MANCHESTER RAIDED

Destruction Laid to Sinn Fein Sympathizers.

MANCHESTER, England, June 19.—Attacks attributed by the police to Sinn Feiners were carried out last night against railway signal boxes at various places. A signal box was burned and a signman was fired upon and wounded at Maple Ridge, near Stockport.

Several successful and unsuccessful attempts were made to burn cabins near Manchester. No arrests were made.

BELFAST PREPARING TO GUARD ROYALTY

Stringent Regulations to Be Enforced During Visit of King and Queen.

ROOFS TO BE BLOCKED

Every Precaution Thrown Around Formal Opening of Ulster Parliament.

BELFAST, June 19.—Every precaution is being taken to safeguard King George and Queen Mary during their presence in Belfast on Wednesday for the formal opening of the Ulster Parliament. Gen. Bainbridge, commander of the troops in Ulster, has issued a notice saying: "No person shall at any time on Wednesday be upon or use in any way whatsoever the roof of any building within the Belfast area unless provided with a permit." He has also ordered all owners and persons occupying houses to block all means of access to their roofs from 3 P. M. Tuesday to 3 A. M. Thursday.

Saloons have been notified to remain closed on Wednesday until after the departure of the royal party.

The state coach and horses for their Majesties' visit arrived to-day from London, together with the First Battalion of Royal Ulster Rifles, which with a troop of Light Guards will form the escort for the royal procession.

The King will himself read his speech opening Parliament. Their Majesties will then be entertained at luncheon by Sir James Craig, the Ulster Premier; Viscount Fitzalan, the Lord Lieutenant, and Parliament, after which they will proceed to Ulster Hall, where addresses of loyalty will be presented by various local bodies, and the King will hold an investiture, conferring honors on several prominent personages.

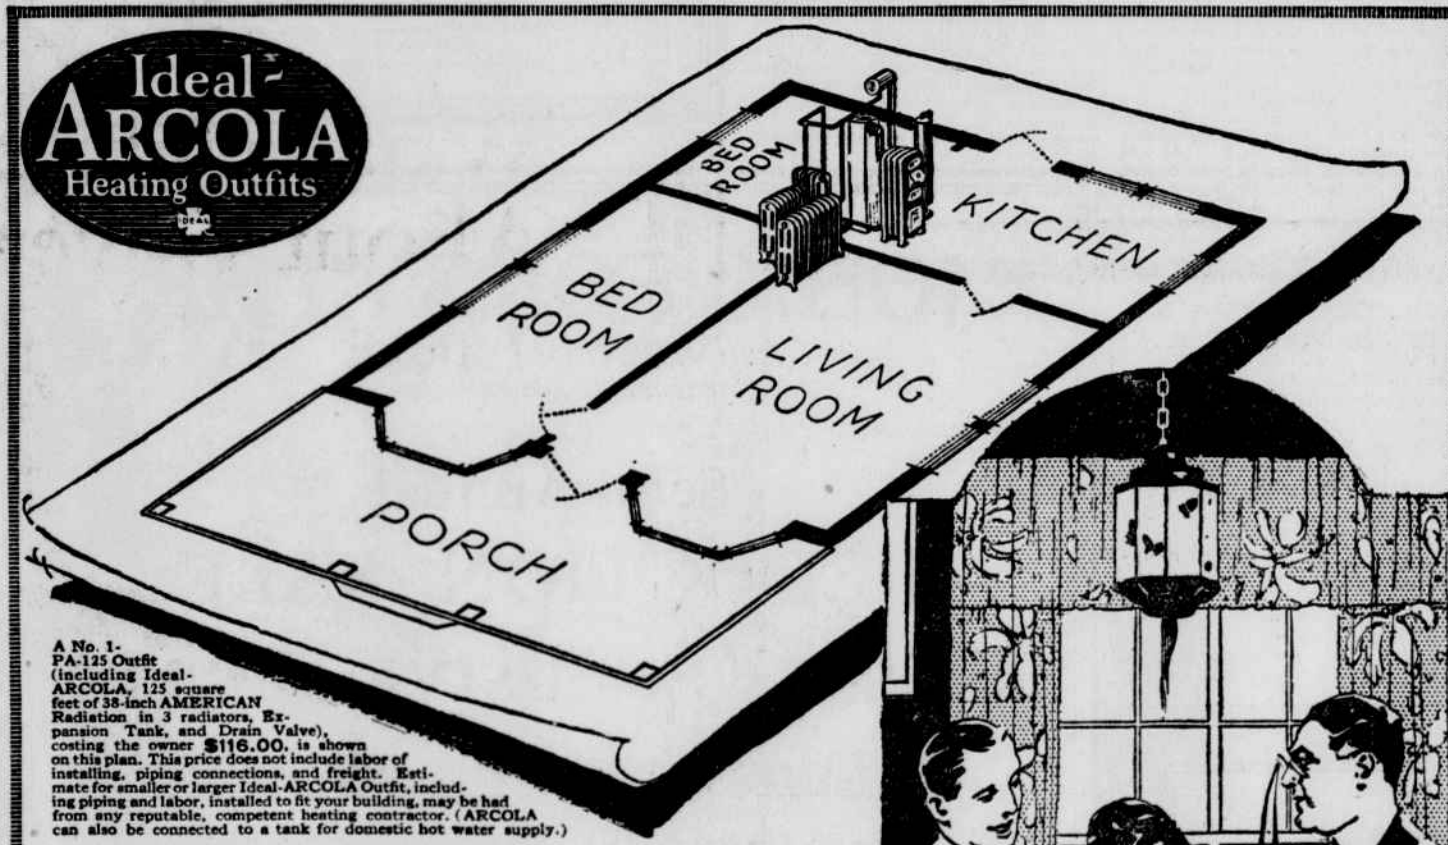

The decision of the Queen to accompany the King to Belfast has given enormous pleasure and great impetus to the city's interest in the event. Premier Lloyd George has sent a message, regretting his inability to attend. The Senate will meet to-morrow to elect the Marquis of Dufferin president of that body.

AMUNDSEN TO GET FUNDS.

Norway to Forward Money So He Can Reft Ship.

CHRISTIANIA, Norway, June 19.—The President of the Storting has sent a cable message to Roald Amundsen, the explorer, informing him that the 300,000 kroner which he asked for to refit his ship in order to continue his arctic expedition, would be arranged for probably within a few days.

The Storting last summer authorized the Government to provide 500,000 kroner for the expedition.

Planning to Build?

Then decide to have ARCOLA heat.

A complete hot water heating plant may now be had for little money. Whatever you do to keep down the costs of building do not spoil your home by a "penny wise pound foolish" decision to skimp on the heating. You can have ARCOLA heat, the best kind, no matter how small or how modest your home is.

Reduced in Size and Cost

ARCOLA Hot Water Heating Outfits are designed especially for the small home, store, office or shop, with or without a cellar. They are made on the same principle and with the same guarantee as our IDEAL Heating Plants for large residences. The only difference is in the smaller size and lower cost of the Outfit.

You Buy No More Than You Need

A No. 1-PA-175 Outfit (including Ideal-ARCOLA, 175 square feet of 38-inch AMERICAN Radiation in 3 radiators, Expansion Tank, and Drain Valve), costing the owner \$116.00, is shown on this plan. This price does not include labor of installing, piping connections, and freight. Estimate for smaller or larger Ideal-ARCOLA Outfit, including piping and labor, installed to fit your building, may be had from any reputable, competent heating contractor. (ARCOLA can also be connected to a tank for domestic hot water supply.)
